

BluePrint For Success

My long-term goal is:

1. If I were to give you an extra hour a day, what would you do with it?
2. What would you do if you had unlimited resources?
3. What story is holding you back?
4. What is the most meaningful action you could take now?

5. How much energy are you willing to put into your goal?

6. How would your ideal self create a solution?

7. What are you trying to prove to yourself?

8. If I were in your shoes and asked for advice, what would be the first thing you'd tell me?

9. What would you try now if you knew you could not fail?

10. Is what you are doing helping you follow your joy?

11. If your money could talk, what would it say to you?

12. When will you start addressing your goal?

13. What small steps can you take to get you closer to your vision?

14. What new skills or support systems will ensure your success?

15. What are you waiting for?

16. What is it costing you to continue holding back?

17. How comfortable are you with change?

18. What do you think the moral of your story is?
